Monsoon Health — Beat Dengue & Waterborne Illness

Wednesday, 24 June 2026 · Monsoon / Awareness

✓ POSTED

POST TEXT

The rains are here — and so are mosquito- and water-borne illnesses.

As the monsoon sets in across Vidarbha, cases of dengue, malaria, typhoid and stomach infections rise. A little prevention goes a long way:

- 🦟 Don't let water collect in pots, coolers or old tyres — it breeds mosquitoes
- 💧 Drink boiled or filtered water; avoid cut fruit & street food in the rain
- 🌡️ Fever, body ache or rashes for 2+ days? Don't self-medicate — get tested
- 🩸 Dengue warning signs: severe headache, pain behind the eyes, bleeding gums

Hope Hospital offers round-the-clock emergency care, in-house diagnostics and ICU support — NABH-accredited, Kamptee Road, Nagpur.

📍 Teka Naka, Kamptee Road, Nagpur – 440026

No Ayushman Card Yet? Here's How to Get It

Thursday, 25 June 2026 · Scheme / Ayushman

TO POST

POST TEXT

You don't need to wait for an illness to get your Ayushman card.

A verified PMJAY ID is enough to begin cashless treatment — and getting your card is simple:

- ✓ Check your eligibility on the official beneficiary portal or the Ayushman app
- ✓ Complete Aadhaar e-KYC
- ✓ Download your e-card (a digital copy on your phone is accepted)

Families identified under SECC 2011 and all senior citizens aged 70+ are eligible. At Hope Hospital, our PMJAY desk helps eligible families check eligibility and download the card — and surgery, dialysis and hospitalisation are cashless for eligible cardholders under Ayushman Bharat (PM-JAY) & MJPIAY.

It's Okay to Ask for Help — Mental Health Matters

Friday, 26 June 2026 · Int'l Day Against Drug Abuse / Awareness

 **TO POST**

POST TEXT

Today is the International Day Against Drug Abuse & Illicit Trafficking — a reminder that mental health deserves the same care as physical health.

Addiction, anxiety, depression and chronic stress are medical conditions, not personal failures — and they can be treated. Reaching out early makes recovery easier.

If you or someone you love is struggling, you are not alone. Hope Hospital offers compassionate, confidential psychiatric and mental-health support as part of our multi-specialty care, Kamptee Road, Nagpur.

♥ Talk to someone. Healing begins with one conversation.

Long, hot Nagpur summers + not enough water = the perfect recipe for kidney stones.

Watch for these signs:

- Sharp, gripping pain in the side or lower back
- Pain that radiates to the lower abdomen or groin
- Burning, or pink/red urine
- Nausea — or fever with chills (this one is urgent)

The good news: most stones today are removed without open surgery. Modern laser procedures like RIRS need no cuts and are often a same-day treatment. At Hope Hospital, urologist Dr. Jayant Nikose and our kidney-care team treat stones with RIRS, PCNL and ESWL — cashless for eligible cardholders under Ayushman Bharat.

💧 Drink 3+ litres of water a day this summer.

Climbing stairs, sitting cross-legged, a morning walk — joint pain shouldn't steal life's simple moments.

Persistent knee or hip pain, stiffness or swelling that keeps coming back deserves expert assessment — not just another painkiller. Modern joint replacement helps thousands walk pain-free again.

Hope Hospital's orthopaedic team — led by Dr. B.K. Murali (MS Ortho, 5,000+ surgeries) — offers advanced knee and hip replacement, covered cashless for eligible cardholders under Ayushman Bharat. NABH-accredited, Kamptee Road, Nagpur.

In a heart attack, the first 60 minutes — the "golden hour" — decide everything.

Know the warning signs:

- ♥ Chest pain, pressure or tightness (may spread to the arm, jaw or back)
- ♥ Sudden breathlessness or a cold sweat
- ♥ Nausea, dizziness or unusual fatigue

Don't wait it out. Don't drive yourself. Get to a hospital with a 24/7 cath lab immediately.

Hope Hospital's Zion Cardiac Centre offers round-the-clock emergency cardiac care — cath lab, angioplasty and ICU — covered cashless for eligible cardholders under Ayushman Bharat. NABH-accredited, Kamptee Road, Nagpur.
