Fresh topics, checked against old GBP posts

Posting Rules

- No phone numbers in post text. Use the GBP Call button.
- No typed website links in the description. Use the CTA button URL.
- Avoid unqualified claims such as "free" unless eligibility is clearly stated.
- Use real hospital photos or clean branded graphics.
- Post one per day, preferably 9:00 AM to 11:00 AM IST.

Raksha Bandhan Health Check Gift

Tuesday, 11 August 2026 - Family Preventive Care

TO POST

POST TEXT

This Raksha Bandhan, give your family something that truly protects them - better health.

A preventive health check can help detect diabetes, high blood pressure, kidney issues, anemia and heart-risk factors before symptoms become serious.

At Hope Hospital, Nagpur, our multi-specialty team supports families with consultation, diagnostics, emergency care and follow-up under one NABH-accredited roof.

Protect the people who protect you.

Location: Teka Naka, Kamptee Road, Nagpur.

POST TEXT

In stroke, time decides recovery.

Remember F.A.S.T.:

Face drooping

Arm weakness

Speech difficulty

Time to reach emergency care

Sudden severe headache, loss of balance, blurred vision or weakness on one side of the body should never be ignored.

Hope Hospital, Nagpur provides 24/7 emergency care, ICU support and specialist evaluation for neurological emergencies.

Location: Teka Naka, Kamptee Road, Nagpur.

POST TEXT

If you have diabetes, do not ignore small wounds on the foot.

Warning signs that need medical attention:

Non-healing cuts or ulcers

Swelling, redness or pus

Numbness or burning sensation

Blackening of skin or toes

Fever with foot infection

Early treatment can prevent serious complications. Hope Hospital's multi-specialty team supports diabetic patients with consultation, wound care, diagnostics and surgical care when needed.

Location: Teka Naka, Kamptee Road, Nagpur.

POST TEXT

Many women's health problems start quietly.

Persistent fatigue, heavy periods, irregular cycles, thyroid symptoms, anemia, pelvic pain or pregnancy-related concerns should not be ignored.

Hope Hospital, Nagpur offers multi-specialty support for women's health, including consultation, diagnostics, maternity care and emergency support when needed.

Regular checkups help families act early and avoid complications.

Location: Teka Naka, Kamptee Road, Nagpur.

POST TEXT

Back pain is common, but some symptoms need specialist attention.

Do not ignore back pain with:

Pain going down the leg

Numbness, tingling or weakness

Difficulty walking

Pain after injury or fall

Loss of bladder or bowel control

Hope Hospital, Nagpur provides specialist evaluation, imaging support, pain management and surgical care when required for spine and nerve-related problems.

Location: Teka Naka, Kamptee Road, Nagpur.

POST TEXT

When choosing a hospital, quality systems matter.

NABH accreditation reflects a hospital's commitment to patient safety, infection-control practices, clinical protocols, trained teams and continuous quality improvement.

Hope Hospital has served Nagpur and Vidarbha since 2004 as a NABH-accredited super-specialty hospital, with emergency care, ICU support and multi-specialty treatment under one roof.

For families, this means care delivered with systems, safety and accountability.

Location: Teka Naka, Kamptee Road, Nagpur.
