23	10	59	18	2
Files Modified	Dept Pages Fixed	Broken Chars Fixed	Pages — Emergency Fix	Git Commits Pushed

1 — E-E-A-T FIXES ON ALL DEPARTMENT PAGES

Page	Meta Author Fixed	Schema & Badge Added
cardiology.html	Cardiology & Cardiac Surgery Team, Zion Cardiac Hospital	Done Added to all 10 pages: - datePublished: 2024-01-01 - dateModified: 2026-04-25 - lastReviewed: 2026-04-25 - reviewedBy (MedicalOrganization or Physician) "Medically reviewed by" blue badge in page body
neurosurgery.html	Neurosurgery Team, Hope Hospital Nagpur	
oncology.html	Oncology Team, Nagpur Cancer Institute	
colorectal-surgery.html	Dr. Akshay Akulwar, UK-Trained Colorectal Surgeon	
orthopedics.html	Dr. B.K. Murali, MS(Ortho)	
critical-care.html	Critical Care & ICU Team	
gastroenterology.html	Gastroenterology Team	
minimal-invasive-surgery.html	Minimal Invasive Surgery Team	
mother-child-care.html	Mother & Child Care Team	
nephrology.html	Nephrology Team	

2 — CONTENT IMPROVEMENTS

Page	What Changed	Status
departments/neurosurgery.html	Intro paragraph rewritten — removed template-cloned text. Now references Hope Neurology brand, 24/7 emergency neurosurgical availability, and Vidarbha patient reach.	Done

departments/oncology.html	Intro paragraph rewritten — removed template-cloned text. Now references Nagpur Cancer Institute partnership and multidisciplinary tumour board process.	Done
departments/colorectal-surgery.html	Meta author, reviewedBy schema, and medically-reviewed badge corrected from "Colorectal Surgery Team" to Dr. Akshay Akulwar, UK-Trained Colorectal Surgeon — consistent with full named-doctor content already on the page.	Done

3 — TECHNICAL BUG FIXES

Issue	Fix Applied	Scope
U+FFFD broken characters (? box) Appeared in H1 headings and body text on multiple pages	Replaced all 59 instances of Unicode replacement character (U+FFFD) with em dash —	13 files
Dr. Murali hero image — blurry 19 KB over-compressed WebP showing as blurry on homepage	Regenerated DR MURALI-2.webp from 3.1 MB source JPG using sharp npm module at quality 85 → 94 KB sharp image. Also regenerated DR-MURALI-2-350.webp (12 KB → 48 KB) for mobile.	2 images
srcset space-in-filename bug Browser always loaded blurry 350w thumbnail; 500w image never parsed	Encoded space as %20 in src , srcset , and <link rel="preload"> so DR%20MURALI-2.webp is correctly resolved at desktop sizes	index.html

4 — VISIBILITY & COLOUR FIXES

Issue	Fix Applied	Scope
"Happy with your care at Hope Hospital?" — nearly invisible Text colour #d1d5db (near-white) on #f9fafb (white) background	Changed to #6b7280 (readable medium grey)	17 pages
Emergency: 1800-233-0000 — blue-highlighted Browser phone-detection was styling white text with blue box	Changed inline colour from var(--text-white) to #111827 (dark/black)	18 pages
about.html stats card — white text invisible "What This Means for You" card used 10–20% opacity red gradient; white text invisible	Changed gradient from rgba(220,53,69,.2) to solid #c10d0d → #991b1b so white text is clearly visible	about.html
lastReviewed dates — stale	Updated lastReviewed to 2026-04-25 in schema on all main pages	6 pages

5 — GIT COMMITS PUSHED TO MAIN

72c7650 fix: encode space in DR MURALI-2.webp filename so srcset loads correctly
5d2b23b fix: E-E-A-T improvements, image quality, broken chars and visibility fixes
